

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

# REPORT.

STATE OF CALIFORNIA, OFFICE OF SURVEYOR-GENERAL, }  
SACRAMENTO, August 1st, 1879.

*To His Excellency, William Irwin, Governor of California:*

SIR: In accordance with the requirements of Section 483, of the Political Code, concerning the office of Surveyor-General, I have the honor to submit the following report of the transactions of this office from August 1st, 1877, to August 1st, 1879.

WM. MINIS,  
Surveyor-General, and ex officio Register of the State Land Office.

For a full and complete statement of the condition of the seminary, public building, and 500,000-acre grants, see the supplemental report which accompanies this report.

On account of the unsettled condition of the several grants of land made to this State, the Honorable Commissioner of the General Land Office, on January 22d, 1879, issued instructions to the Registers and Receivers of the United States Land Offices not to receive nor file any further selections on account of any land grant to the State of California, and in order that a final adjustment of the grant of seventy-two sections for a seminary of learning, and the grant of ten sections for public buildings, might be made as soon as possible, the Honorable Commissioner, on May 2d, 1879, requested this office to furnish him with a detailed statement of the condition of all selections made by this State under these grants, and on May 5th, 1879, made a similar request in relation to the condition of all selections under the grant of 500,000 acres for internal improvements.

In compliance with these requests, I had lists of all selections under the grants of ten sections and seventy-two sections carefully prepared, and forwarded the same to the Honorable Commissioner on June 4th, 1879.

I am now preparing a similar list of selections under the 500,000-acre grant, and will publish the same as a supplemental report.

Since January 22d, 1879, no new selections have been made under either of the above named grants, nor under the grant of lands in lieu of 16th and 36th sections.

## COUNTY BOUNDARIES.

On the 29th day of May, 1878, at the request of the Board of Supervisors of Plumas County, Arthur W. Keddie was appointed to run the boundary line between the Counties of Plumas and Butte.

The map and field notes of this survey were filed in this office on September 30th, 1878, and the survey was approved on December 12th, 1878.

No other boundary survey has been run under instructions from this office since August 1st, 1877, the date of my last report.

## OF LANDS

*Congress, approved September 4th, 1841, which have not been listed to the State, and the present Register of the United States Land Office.*

## Remarks, Showing Status, etc.

----- State selection under Act of September 4th, 1841 ;  
date of location, November 23d, 1855; School Land Warrant No. 284; in name of John Cuttler.  
----- State selection under Act of September 4th, 1841;  
date of location, November 23d, 1855; School Land Warrant No. 283; in name of John Cuttler.  
----- Entered by Edward Taylor, February 5th, 1859; cash entry No.  
64; patented to Edward Taylor, November 15th, 1865. I find no State selection for this land.  
----- State selection under Act  
of September 4th, 1841; date of location, October 26th, 1857; Warrant No. 286; John Cuttler.  
----- State selection under Act of  
September 4th, 1841; date of location, October 26th, 1857; Warrant No. 285; George F. Shipp.  
----- State selection under Act of Sep-  
tember 4th, 1841; date of location, September 28th, 1857; Warrant No. 300; James B. Speer.  
----- State selection under Act of September 4th, 1841;  
date of location, October 26th, 1857; Warrant No. 304; James B. Speer. This selection was  
rejected by the General Land Office, because part of the selection was granted by a prior Act,  
and the State refused to take the remainder in full for 320 acres. The location was canceled by  
letter "C" from General Land Office, dated January 21st, 1870, and Warrant No. 304 returned  
for delivery to proper party. The ne  $\frac{1}{4}$  of sec 17 was entered by James S. Williams, March 3d,  
1870—cash entry No. 1,388—and the same was patented to James S. Williams, March 15th, 1871.  
----- I find no State selection  
for this land; that part of it which is not swamp has been disposed of by the United States.  
----- State selection No. 162, under Act of  
September 4th, 1841; location dated November 17th, 1857; Warrant No. 43; Yancey B. Stokes.  
----- State selection, Act September 4th, 1841; location No. 181; dated January 22d, 1858.  
----- State selection, Act September  
4th, 1841; location No. 199; dated April 27th, 1858; Warrant No. 117; George Edward Long.  
----- State selection, Act  
September 4th, 1841; location No. 1; dated November 17th, 1858, for David Biggs. It seems  
that the original list of the State Locating Agent reads: "E  $\frac{1}{4}$  of se  $\frac{1}{4}$  of sec 7," instead of  
w  $\frac{1}{4}$  of se  $\frac{1}{4}$ . It seems certain, however, that the w  $\frac{1}{4}$  of se  $\frac{1}{4}$  was intended, because that is the  
land claimed under the location, and otherwise the tracts would not be contiguous. The e  $\frac{1}{4}$   
of se  $\frac{1}{4}$  of sec 7 was patented to the Southern Pacific Railroad Company, December 12th, 1874.  
----- State selection under  
Act of September 4th, 1841; location No. 4; dated October 25th, 1858, for E. G. Campbell. H.  
D. Bequette, State Locating Agent, September 28th, 1860, withdrew this location. The Honor-  
able Commissioner of the General Land Office, by letter of October 11th, 1864, to this office,  
states that this withdrawal is without legal authority or effect, and that the selection is binding.  
----- State selection, Act of September 4th,  
1841; location No. 18; dated January 22d, 1865, for Benjamin S. Booker; relocation of No. 4.  
----- State selection, Act of September 4th,  
1841; location No. 15; dated January 12th, 1865, for Jerome B. Sween; relocation of No. 4.  
----- State selection, Act of September  
4th, 1841; location No. 16; dated January 28th, 1865, for Gabriel Moore, relocation of No. 4.

UNITED STATES LAND OFFICE, VISALIA, July 24th, 1879.

The remarks opposite the tracts of land above described indicate their present status, as shown by the records of my office.
